

# THERE IS POISON IN THE TAP WATER.

**FACT:** Fluoride is a dangerous substance and the active ingredient in most insecticides! If ingested, as little as 1/10 an ounce of fluoride can kill a 100 lbs adult and 1/100 of an ounce can kill a 10 pound infant. Studies have shown that exposure to fluoride can cause neurological damage, and an increased risk of bone cancer.

**FICTION:** Fluoride added to the public water supply strengthens teeth and helps prevent cavities.

Sodium Fluoride was used by both Adolf Hitler & Joseph Stalin to sterilize inmates & make them docile. Fluoride is a key dumbing-down ingredient of both Prozac & Sarin nerve gas - poisons of choice for tyrant rats.

Did you know that Sodium Fluoride is also one of the basic ingredients in both Prozac (FLUOxetene Hydrochloride) & Sarin Nerve Gas (Isopropyl-Methyl-Phosphoryl FLUORIDE)?

Yes, folks the same sarin nerve gas that terrorists released on a crowded Japanese subway train!

The truth the American public needs to understand is the fact that Sodium Fluoride is nothing more or less than a hazardous waste by-product of the nuclear & aluminum industries. In addition to being the primary ingredient in rat & cockroach poisons, it is also a main ingredient in anesthetic, hypnotic & psychiatric drugs as well as military NERVE GAS!
